

Wednesday Dinghy Racing Series 2021

SAILING INSTRUCTIONS

1. RULES

1.1 Wednesday Dinghy Racing will be governed by the rules as defined in the 2021-2024 Racing Rules of Sailing (RRS), appropriate Class Rules and/or the RYA Portsmouth Yardstick Scheme (except as any of these are changed by the Sailing Instructions).

1.2 Rule RRS 28.1 (Sailing the Course) is modified by addition of- "The Race Committee may disqualify (DSQ) without a hearing a boat that has broken this rule but only when a member of the Race Committee has seen the incident. A boat so penalised shall be informed by notification in the race results."

1.3 Rule RRS 40.1 (Personal Flotation Devices) shall apply such that each competitor shall wear a personal flotation device except briefly while changing or adjusting clothing or personal equipment. Wet suits and dry suits are not personal flotation devices. In addition, the personal flotation device must be adequate for that individual with adults using devices with a minimum rating of EN 50 Newtons.

1.4 Rule RRS 41 (Outside Help) – Outside Help is permitted in the form of advice on sailing technique or racing tactics, from other competitors and / or race officials, or assistance in recovering a boat after a capsize or grounding.

1.5 Rule RRS 44.1 (Penalty for infringing Part 2 – When boats meet, or RRS 31 – Touching a Mark) is changed so that only one turn including one tack and one gybe, is required in either case.

2. CLASSES TO BE RACED and HANDICAPPING

2.1 Races are open to all sailing dinghies, provided they have Third Party Insurance cover of at least £2,000,000 per incident.

2.2 Boats will be allocated Portsmouth Numbers as published on the RYA website:

<http://www.rya.org.uk/infoadvice/racing/Pages/portsmouthyardstick.aspx> or HCSC Local Numbers, where these exist on the basis of previous local experience. Where no Number is published, competitors will be allocated Trial Numbers by the Race Committee. The Race Committee may adjust Numbers during the event.

3. SAFETY

3.1 A boat is entirely responsible for her own safety, whether afloat or ashore, and nothing, whether in the Notice of Race or Sailing Instructions or anywhere else reduces this responsibility. It is for the boat to decide whether she is fit to sail in the conditions in which she will find herself. By launching or going to sea, the boat confirms that she is fit for those conditions and that her crew is competent to sail and compete in them.

3.2 Nothing done by the organisers can reduce the responsibility of the boat nor will it make the organisers responsible for any loss, damage, death or personal injury, however it may have occurred, as a result of the boat taking part in the racing. The organisers encompass everyone helping to run the race and the event, and include the organising authority, the Race Committee, the Race Officer, patrol boats and slipway marshals. The provision of patrol boats does not relieve the boat of her responsibilities. The fact that the Race Committee conducts inspections of a boat does not reduce the responsibilities of the boat set out in these Sailing Instructions.

3.3 The helmsman or crew of each boat must sign on prior to racing and sign off again after finishing racing for the day. Failure to sign on or off may be scored DNS for all races on the day.

3.4 It is a pre-requisite for Junior members to take part in racing that a Parental Disclaimer Form is completed by a responsible adult. Such forms are valid only for the year in which they are completed.

3.5 Any boat in the Keyhaven River shall not cause Hurst ferries to take avoiding action

3.6 All boats shall comply with instructions given by any HCSC official Committee Boat or Patrol boat. Failure to do so may lead to disqualification from a race or the series.

3.7 All boats shall comply with their class rules and prescriptions as appropriate with regard to safety.

3.8 All boats shall comply with RRS 77 Appendix G (Class Insignia, National Letters and Sail Numbers) and the RYA prescription thereto.

4. NOTICES TO COMPETITORS AND CHANGES TO SAILING INSTRUCTIONS

4.1 Notices to competitors will be posted on the Sailing Events notice board located in the club house..

4.2 Any change to the Sailing Instructions will be posted at the Club at least half an hour before the published start time on the day it will take effect.

5. SCHEDULE OF RACES AND SERIES SCORING

5.1 Races are scheduled as per the published Notice of Race. Up to two races may be run on any given "normal race" day, according to the discretion of the Race Officer. All competitors will race together.

5.2 One day in each series is designated as a "Pursuit Race" day. Racing on that day will be run under HCSC Pursuit Race Sailing Instructions, with one race only on the day. That race will count for double points in the series scoring.

5.3 Racing during the course of the season will be scored as two series, as published in the Club Programme.

5.4 Points for each race will be awarded using the Chipstead High Points Scoring system (CHIPS). Details of this are available from the Race Committee on request

5.5 For the calculation of Series results, 1/2 of the races sailed, rounded up to the nearest whole number, will be counted.

Wednesday Dinghy Racing Series 2021

5.6 A helm changing to a different class of boat during a series will be classed as a new entry at the point of changing, and his / her results from then will be scored separately. This applies also to classes with different rig options, unless the handicap for the larger sail is used when racing with the smaller one.

5.7 Competitors who carry out Race Officer or Safety Boat duties will be awarded one more than their average points for the races in the Series in which they are classed as starters for all races sailed on the day(s) in question, subject to actually sailing on a minimum of two race days in the series.

5.8 On any given day, no racing will be held unless at least four boats sign on to race that day.

6. CLASS FLAGS, ANTICIPATED STARTING TIMES

6.1 Flag "Y" will be used as Class Flag.

6.2 Start time for the first race of the day will be the time advertised in the Club Programme. Subsequent races will be started as soon as practicable after the completion of the previous race.

7. RACING AREA and COURSE

7.1 The racing area will be anywhere inside the entrance to Keyhaven River, or the Western Solent immediately outside Keyhaven River. The course will be set using identified river marks, HCSC marks and / or Crewsaver orange inflatable race marks. The approximate layout of the marks will be posted on the courseboard at the Club prior to going afloat. Competitors should obtain confirmation of the sequence and direction of rounding of the marks from the briefing prior to the Start of each day's racing.

7.2 All marks shall be rounding marks unless the alteration of course is clearly less than 45° when the y shall be passing marks.

8. STARTING AND FINISHING

8.1 Races will be started by using RRS 26 (Starting Races). Times shall be taken from the flag signals. The absence of a sound signal shall be disregarded.

The warning signal (Flag "Y") will be 5 minutes before the starting signal.

The preparatory signal (Flag "P" with Flag "Y") will be 4 minutes before its starting signal.

At one minute before the start, Flag "P" will be removed.

8.2 A start may be postponed at any time before the start signal. Postponement will be indicated by the display of flag "AP" accompanied by two hoots. When "AP" is taken down, accompanied by one further hoot, the next Warning signal will be made one minute later.

8.3 For a "Pontoon Start", the Start Line will be between the triangle topmark on the pontoon pile and the red and white chequered board on the sea wall on the eastern side of the creek. For other starts, the Start and Finish Line will be between the point on the Committee Boat where the Warning signal (Flag "Y") is displayed and an adjacent mark (which will normally be an orange inflatable Crewsaver buoy). Exceptionally, the Race Committee may position themselves on the beach, in which case the line will be between a flag-stick erected on the beach and a mark on the water.

8.4 For a "Pontoon Finish", the Finish Line will be between the triangle on the pontoon and the green channel marker adjacent to the pontoon. For other finishes, the Finish Line will be between the point on the Committee Boat where the Warning signal (Flag "Y") is displayed and an adjacent mark (which will normally be an orange inflatable Crewsaver buoy). Exceptionally, the Race Committee may position themselves on the beach, in which case the line will be between a flag-stick erected on the beach and a mark on the water.

8.5 If any boat is on the course side of the line at the start, a second sound signal will be made, and Flag "X" displayed until all such boats have returned to the pre-start side of the line.

8.6 To shorten a race Flag "S" will be signalled accompanied by two sound signals. If the shorten course signal is made from the normal finishing line each boat will be finished on her next crossing of the Start and Finish line. If the shorten course signal is made from a Committee Boat adjacent to a mark of the course, the Finish Line will be between the Committee Boat and that Mark. Boats should cross the line by the shortest route from the previous Mark of the Course.

8.7 Any boat not crossing the line within twenty minutes of the first boat to finish may be scored as "DNF".

8.8 If Code Flag "L" is flying when boats are finishing the first race of the day, this indicates that another race will be started as soon as possible after the completion of the race being finished.

9. PENALTY SYSTEM AND PROTESTS

9.1 Protests shall be written on forms available from the Club and delivered there within thirty minutes of the protesting boat coming ashore. RYA Rules Dispute Advisory and Mediation Hearings are available.

9.2 Unless notified otherwise, full protest hearings will be heard as soon as possible after racing on the race day following the day on which the race concerned took place, except for the last race day of a series, when any protests will be heard on the same day.

10. COVID-19

10.1 Anyone who has been advised to self-isolate or feels that they are experiencing any of the symptoms of the Covid-19 disease SHOULD NOT participate in any Club activities or use any of the Club's facilities or equipment.

10.2 It is the responsibility of the competitors to ensure they adhere to social distancing measures. Hurst Castle Sailing Club is not responsible for enforcing social distancing measures, and all competitors should follow any Covid-19 guidelines issued by the club.

10.3 Should the clubhouse be inaccessible to members, notices to competitors shall be displayed on the veranda, in lieu of the Sailing Events Noticeboard.
